How Well Do We Know What We Do Works
*Program Review*

Workshop on September 14, 2012

Presented by:

Janice Chadwick, Program Review Chair
Ken Collins, SLOA Coordinator
Toni DuBois, Vice President, Student Services
Lisa Campbell, Dean of Counseling
Workshop Goals

Review the program review cycle and timeline
Describe the viewpoint and templates used in the self-study
Remove/reduce that ‘sinking feeling’

Workshop Outcomes

By the end of the presentation you will ...

Have a timeline for the self-study.
Be more familiar with the self-study report and process.
Know where to go for more help and training.
Program Review Cycle

- Two Year Cycle
  - 2011 – 2012 Academic Portion
  - 2012 – 2013 Administrative, Operational, Student Service, and Support Service Units

Program Review ≡ Self-Study Reports
Program Review Will...

Promote measurable enhancement in the quality of all units on this campus.

- Provide evidence of effectiveness and improvements by assessment of SLOs and SAO’s as they relate to college mission, vision, core values and ISLO’s.
- Provide an opportunity for reflection and dialogue
- Note areas in need of improvement within a short and long term cycle
- Aid in the development of data-driven action plans
Completed Self-Study Reports

- Provide information for planning and budget
- Direct internal resource allocation
- Provide an internal review process for evaluation by external sources
Each self–study report should be designed to give insight into three broad questions:

- Where has the unit been?
- Where is it now?
- Where should it go from here?

Use of the two templates

- Make decisions more data driven
- Make the report outcomes–based
